I prezzi possono variare a seconda dello sfondo della maniglia! I prezzi attuali di tutti i frontali sono disponibili nel negozio online! Tutti gli armadi devono essere montati a parete seguendo le istruzioni di montaggio.

I nostri frontali hanno uno spessore di 18-20 mm, mentre i lati superiori hanno uno spessore di circa 12 mm.

La nostra gamma comprende tutti i formati Ikea per il sistema GODMORGON.

I nostri fianchi superiori possono essere ordinati anche con dimensioni maggiorate per poter essere montati a parete.

Oltre alla nostra gamma standard, realizziamo anche frontali, ante, fianchi e top personalizzati, anche in altri materiali. Se hai bisogno di formati che non sono inclusi nel listino prezzi o nel negozio online, inviaci un'e-mail!

Produciamo anche carcasse in vero legno a partire da pannelli multiplex rivestiti di bianco.

Gli armadi sono realizzati in modo da poter utilizzare tutti gli accessori interni di Ikea.

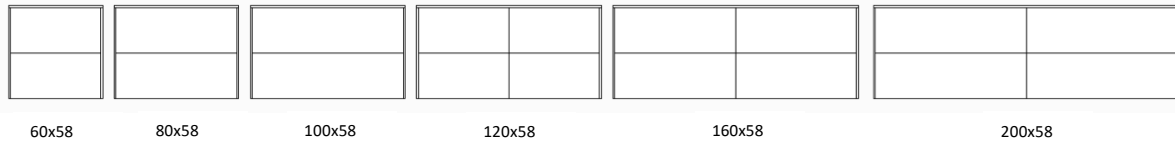

Offriamo anche cassetti in legno e cassetti in metallo.

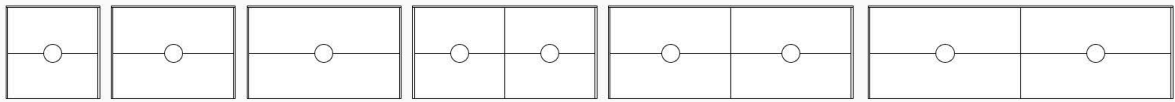

Combinazioni di armadi e loro dimensioni

Le dimensioni finali si adattano al rispettivo spessore/materiale dell'ordine del pannello laterale.
